Subject Residential Zones feedback

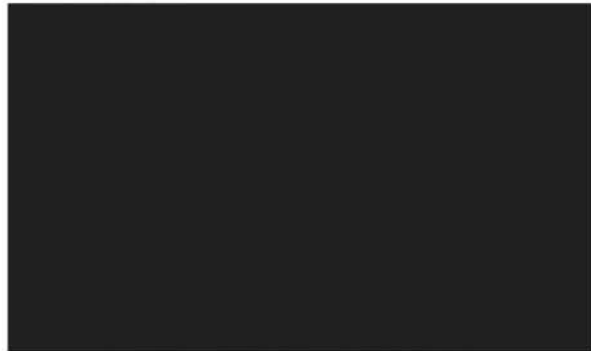

The [Redacted] wishes to make a draft submission on the newly proposed residential zones (please refer to attachment).

Because of the potential significance of the proposed zone changes to the future development of [Redacted] the Council wishes to undertake some community consultation to inform its final submission. To this end we are holding two public forums on Tuesday 29 April, chaired by the mayor, David Jones, and facilitated by Trevor Budge. Following these sessions, we will prepare a final submission for Council to consider and adopt at its 21 May meeting.

If you have any enquiries regarding this matter please contact me.

Regards
