

Hello Jim

Please find attached our final submission on the residential zones that was adopted by Council last night, as discussed with you prior to 18 April. I am sorry it has taken awhile to come through but we had some processes to work through.

Council held two public forums, which were well attended, and the feedback from those sessions has been incorporated into our submission. The residential zones proposals have also had quite a bit of media coverage here.

[REDACTED] is very interested in the development of the residential zones and we hope that you give due consideration to our submission. Please call me if you have any questions or want to discuss something in more detail.

Kind regards
